Praise's of the Month

The Praises of the month are many but the greatest is that our Lord and Savior has loved us so much He let us bring three people into salvation last month. The first is Herb Mary's brother. On September 3 we were in Denver Colorado to baptize him. Remember it is not our words or our abilities it is the Holy Spirit of God that draws people to Him. We only sow the seed. It is not for us to worry about the out come it is only ours to preach the word and the Holy Spirit of God will do the rest. The second blessing for the month was that about 45 days ago our Director of the ministry Scott Adams was witnessing to a rough neck in the

oil patch. The man's name is Mitch Rakes. He and his wife Donna came to our Friday night prayer meeting and we got to know this couple. Their lives have been very hard. They have been living in two tents at a campground all summer long. Our Winter has come a little early this year. As I type this I am looking out my window at a snow storm. With lows at night in the 20's you can imagine that living in a tent would be getting harder. God has His divine timing. Last Saturday we went out to dinner with Scott and ran into Mitch and Donna. We invited them to our Saturday prayer meeting. (you get the feeling all we do is pray☺☺☺☺☺) Donna took Mary outside saying that she needed to talk to her. She told Mary the old Devil was working on her overtime. She needed deliverance and salvation. Needless to say in less than an hour Scott, Mary and I had prayed the demons out of her and she and Mitch accepted Jesus as their Savior. *Hallelujah and Praise the Lord God Almighty.* The evil did not want to let go that easily. When Mary and I went to bed the evil presence came over me and said " I left her but now I am on you. I said "get out of here I am covered by the Blood of Jesus and you have no place here." I did not know it until morning but the same evil came over Mary and said the same thing. She rebuked it in Jesus name and it left. Now the rest of the story. The ministry had just come into possession of a 23 foot travel trailer. This trailer was set up for use in winter. Needless to say the Rakes are no longer living in tents but a nice warm travel trailer. *Hallelujah and Praise the Lord God Almighty.* He always provides in His Royal Way.

Our final praise of the Month is that we got to lay hands on, anoint and pray over Tobi for a complete healing. The only regret I have is in not being bolder. In Acts we find the disciples would

just take someone's hand and say raise and walk in Jesus name. Helping them up they would walk. I know this must be the will of God to make Tobi a mighty man of God and have a complete recovery because just before we prayed an evil presence entered into the house to provide a disruptive spirit but it could not affect God's will for the moment. Tobi is the one sitting on the chair.

Mary's Thoughts for the Month

The prophetic clock is nearing midnight; several prophetic events are about to take place that will take an unprepared world by storm. As the prophetic clock ticks inexorably forward, history is swiftly speeding to its end. As the saints of God, let us keep our eyes on Jesus and proclaim "Even so, come Lord Jesus, come". In Matthew 24:21,22 we are told: "For then there will be great tribulation, such as has not been from the beginning of the world until now, no, and never will be. And if those days had not been shortened, no human being would be saved; but for the sake of the elect those days will be shortened".

Biblical prophecy has always had the nation of Israel as its main focus and object. All attempts at establishing peace in Israel are failing miserably, as a matter of fact the more men try to intercede for peace in the nation of Israel, the more violence we witness. There will be a brief and false peace in Israel when the Antichrist arrives on the scene with his peace plan. The man with the plan will establish a false peace for three and a half years before all hell on earth breaks loose, literally. Look at what is happening in the Anglican Church in Canada, the members of the church were protesting the new doctrine of the blessing of same sex marriages, as were the clergy. The higher church authority came to the church to lock the doors and fire the current clergy, which they did. The members of the church spent the night in the pews in protest but were removed by the police the following morning. Can you see the great Apostasy at work right now in the world? There is a falling away happening in the main stream churches as never before in history. People who once claimed the Bible as their ultimate rule and authority are now proclaiming it to be passe, if this doesn't break your hearts saints, what will? Ask yourself, what will it take to truly break your heart and get you on your face before our Holy God? Are you waiting for someone else to do something? Look at the state of the world, now look at the state of the church. Judgement will begin in the house of God, it always has and it always will. In Second Chronicles chapter seven, verse fourteen we have the formula that the Lord expects us to follow in order to save our nation. Are you willing to follow God's directives for the church: "If my people who are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land". We cannot wait for others to do what the Lord has called us to do. Saints of the living God, we must seek the Lord as never before. The time is short and the church is ripe for the judgement of God. Do you think what is happening in the Anglican Church in Canada, or the Methodist churches and Episcopalian churches in this country can't happen to us? You are wrong, Apostasy does not draw denominational lines, and it can flourish anywhere. Evil prospers when good men do nothing. This can be said of the church today. Evil has made inroads in every denomination, and will continue unless the saints get on their faces before God and proclaim enough! I ask you right now what is preventing you from doing this, how much more destruction do we have to see from the enemy before we humble ourselves, pray, and seek His face as never before, our

spiritual lives depend on this church. We must wake up and discern the times that we are living in, the church must shine the light of truth, and we must uphold the infallibility of the word of God, our precious Bible. The word of God will never compromise with the world, and the people of God shouldn't either.

Love in Christ Mary.

Pastor's Corner

It just seems that each month the news letter grows. This month we are adding a column from our Associate Pastor Reverend G. A. Clonginger. George has a great testimony and one of these days we will be sending it out on tape for you. We met George several years ago through his sister Vicki. Before George went to Kansas to sow the seed of the Gospel he worked in Pinedale with us. We love George and believe he will always be a great asset to the Ministry our Lord has let us run. George has been and I believe will be used greatly by our Lord in the future. George always gives Mary and I a different prospective on things. I am hoping you will be touched and uplifted by his love for Jesus and his down home outlook on things.

Many times I sit and ponder the current status of the World. No, not that the end grows nearer each day, or the fact that bible prophecies are being fulfilled faster now than in all of mankind's history. These are things that are as natural to me as loving my Jesus. What I sit and ponder is this, Mary and I go to the ministry office almost ever night to pray over the prayer requests, the Ministry is associated with 18 prayer groups. Of these 18 groups several deal only with children. If I were one of those theatrical pastors I could rip out your hearts by going into detail over the pain and suffering many of these children are going through. We pray almost nightly over children from less than one year old up that have cancer, heart problems, strange diseases that cannot even be diagnosed. Sometimes it just makes me weep when I read these prayer requests. Have you noticed how our children are having so many more health problems that used to only attack adults? Just take a look at the upswing in Asthma in the children of this country. I have cried out to the lord and asked WHY? The Lord gave me a Scripture in Malachi 2:1-3 ¹*“And now this commandment is for you, O priests. ²“If you do not listen, and if you do not take it to heart to give honor to My name,” says the LORD of hosts, “then I will send the curse upon you and I will curse your blessings; and indeed, I have cursed them already, because you are not taking it to heart. ³“Behold, I am going to rebuke your offspring,...”* The word here in the Hebrew for rebuke is to corrupt. God is saying that because the men and women of God have refused to listen and give Him honor. Take a truthful look at the evils that have come to light in the last few years concerning Men and Women of God. The last few years it has come to light that the priests of the Catholic church have not only been molesting, our children but the church covered it up by moving the offender. Our main stream men of God are saying God is doing a new thing and ordaining homosexuals. Now the Lutheran's are saying they and the Mormon's are in fellowship together and the Lutheran's are going to ordain many more homosexuals in the future. I ask you if a heterosexual man of God could fall so far as to molest a child, how much easier will it be for someone living in what God says is an "abomination" to become a predator on our children? Just so you won't tell me that this is alright with God here is the scripture. Leviticus 18:22 ***"You shall not lie with a male as one lies with a female; it is an abomination. "*** The Hebrew here means something disgusting to God. The Living Bible says it this way ***Do not practice homosexuality; it is a detestable sin.*** We wonder why our country is having more and more natural disasters, why the terrorist for the first time got through all our defenses and took down the twin towers. Why our children are suffering from sicknesses never seen in this great of proportion. Why new diseases S.A.R.S and West Nile Virus are popping up with no known cures. Because we as men and woman of

God have taken our eyes off Jesus and put them on the idols and gods of this world. Think about it, America was one of the most blessed countries in the world. The scripture says honor God or the blessings will be removed.

Please Christians take your head out of the sand and get your eyes back on Jesus. Canada just passed a law that will make calling Homosexuality a sin, calling a pedophile a sinner, or someone who has sex with an animal a sinner illegal. It goes so far as declaring the Bible hate literature. Did you get that?? If you quote the Bible against Homosexuality you are breaking the laws of man. Who will you follow? If we don't turn back and fall on our faces it will be too late - if it isn't already!

I leave you with this final thought. Yellowstone National Park is the country's premiere park, it is the gemstone of our park system so to speak. In the last few years they have discovered a bulge in Yellowstone Lake's bottom. At first they did not care, but now they are noticing it is growing. Not only is it growing but is showing thermal activity. Geysers that used to erupt only every 20 years are now erupting 5 to 10 times a year. All the geologists and volcanologists that are studying the area say that a super volcano is being created. They say if this volcano erupts at it's current size it will instantly kill 10,000 people. It will put a covering of lava over 90% of the country. The eruption will be so great the whole northwest United States will be destroyed. God's judgement? I don't know, but it would be like God's sense of humor to use the pride of the United States to execute judgement.

All I know is we need to return to Jesus with all our hearts and we need to be on our faces asking forgiveness for letting things get so dark. Please, Please return to Him with all your heart before it is too late.

Our prayers are with you. Love in Jesus

Down Home Advice from The desk of Reverend George

Greetings to All: I just wanted to take this chance to let you know a little about me, because you will be hearing more from me in the near future, if the Lord tarries. If He doesn't, I

might add that I will meet you at the Eastern Gate. My name is Reverend George Cloninger, you can refer to me as George or Reverend Cloninger whichever you prefer will be fine with me. I am looking forward to sharing with you things that our Lord has shown me in the past, as well as what He is showing me currently, whether it is through a teaching, or just a heartfelt letter. I would like to take the liberty at this time to encourage you to let me know your opinion on the information I will be sharing. I firmly believe that communication is an important part of any

growing relationship however, let us keep our minds on a biblical basis. The Bible is our road map for life; it has the correct answer for every situation in our daily lives. To go against the word of God is a dangerous mistake we don't want to make. It is my humble opinion that who ever goes against the word of God is simple wrong. I take the Bible

literally and I believe that every word in that glorious book is true, and inspired by God Himself. Sometimes we may misinterpret what we read, but the Lord is faithful to show us the light.

Now I would like to tell you just a little about me. I have never been married. I was raised in a very non-Christian home. I've run with motorcycle gangs in Tennessee and Florida. I was a drug addict and dealer and an alcoholic, I use the past tense because God has seen fit to deliver me from these addictions, along with smoking cigarettes. Praise God, truly we serve a mighty and wonderful God, because there is no way I could have done that for myself. I have done everything from being a dog fighter, gambler, and drug runner to even more than that. In that time, I simply lived by my own set of laws, and I did exactly what I wanted, when I wanted. I have told you this personal information for two reasons, first and foremost being that you would know that I would understand what ever you have gone through, and are coming from. Let me assure you that not many people have done much more wrong than I have, and there isn't much anyone can say or do to shock me. I have traveled most of those wrong paths myself. This isn't something that I am proud of, but it is still the life I have lived. Secondly, I tell you this so that no one else can try to tear down what Christ has taken the time to build in my life, whether it be someone whom I drank with or did drugs with, or even someone who has just heard of me. Personally I would have everyone forget my past, because it seems like a horrible scene from a twisted movie to me, that I'm not sure even Hollywood could put together. Still the past has a way of lingering around, so it should be used for good and only to further the gospel. In fact this is the only reason I speak of mine at any time. At some later date, if the Lord leads me, I will share my testimony at length, and in depth, with all that care to hear about it. For, like Paul, I too, am chief of sinners. It isn't the past, but the future, which concerns me. I can't do anything about what I have been or done, but I can do something about the kind of life that I live now, and I try to live the life that God would want me to. Hopefully this will help others see the light. I still mess up every now and then, but now I know where there is forgiveness when I do. It truly is great to be a child of the King, knowing that there is a great reward I shall reap someday, when Christ, Himself splits the Eastern sky open at His triumphant return. The only sad part about that is that there are those that will experience a very different fate. However, I am duty bound as a Christian Soldier to evangelize as many people as I can. Thousands are dying daily and going to the very pits of hell itself. I shutter to think of the ones that have slipped by me. Oh Yes, I am looking forward to going to my home on high, for this world doesn't hold what my heart truly desires. But while I am still here, I will continue to both worship and serve my savior. I may have to be in the world, but I surely don't have to be of the world. I shall keep laboring until Christ ushers me home. For all of you, who would like to reply to me, I've included my e-mail address below. I look forward to hearing from each of you soon.

May the grace of our Lord Jesus Christ be with your spirit, and may God truly bless you.

This Months Bible Moment

With Pastor Jay

“No temptation has overtaken you except such as is common to man ...” (1 Corinthians 10:13). Did you ever think why me when temptation comes your way. But Paul tells us the we have never suffered any temptation that is not common to man. We do not rate any special temptations. It took me a long time to understand that temptation itself is not sin. Sin comes in when we act on the temptation. When we let the temptation take control. Then the seed of sin is born. I have heard many a preacher say we have to sin. That it is alright to sin because we are human. All we have to do is repent and all is forgiven and we are again covered by the blood. **WRONG!** 1 John 3:4-6 says ***4Those who sin are opposed to the law of God, for all sin opposes the law of God. 5And you know that Jesus came to take away our sins, for there is no sin in him. 6So if we continue to live in him, we won't sin either. But those who keep on sinning have never known him or understood who he is.*** The point here is we are not to keep sinning but that is another teaching. That was for free. Now back to temptation. Though it is tempting to me to teach on not sinning 😊😊😊

Temptation takes many forms, but don't kid yourself it is something very serious. The forms of temptation are determined by our spiritual maturity. An example from real life. I know this man of God whose whole goal in life is to serve Jesus. He has gone from "it is so hard to be humble when you are perfect in every way to I am not worthy to serve the Lord but He lets me." The Lord has been working on his heart to keep his eyes on Jesus no matter what happens. This was brought home to him when on a recent trip his wife experienced some severe stomach pain. They were on the road and He prayed for her and nothing seemed to help. Finally He took his eyes off her pain and told Jesus that He was his only supply and he had nothing or no one if Jesus was not there for him. He looked up and saw a 20' x 30' billboard that said along the top "THE ONLY SOLUTION IS". In the middle in rainbow letters was "JESUS", and along the bottom was in red letters "**all his promises will come true**". He said "look" to his wife, she saw a rainbow colored billboard with a woman and Spanish lettering. By the way, at the moment that he saw the billboard his wife's pain stopped and she had no more problems the rest of the trip. After the trip the old devil started to work on him to try to get his eyes off Jesus. First problems arose. When this did not work the old scoundrel started to work on his ego. Women were making advances toward him. One stranger came up to him and told him how nice he smelled. His only comment was "one usually smells clean after a shower." One woman came up from nowhere and put her hand on his shoulder and rubbed it. All the red warning lights went off. The Devil was on the prowl. This was confirmed by a dream that his wife had. But you notice that the temptation was of that known to man. **EGO**. But Praise God that He did as we are told in 1 Corinthians 10:13 ***13No temptation has overtaken you but such as is common to man; and God is faithful, who will not allow you to be tempted beyond what you are able, but with the temptation will provide the way of escape also, so that you will be able to endure it.*** God provided the escape, a spiritual nature that kept his eyes on Jesus not the human ego. Jesus confirmed it through the wife's dream. If you had not guessed that man was none other than myself. The temptation was to try to get my eyes off Jesus and put them on a frail, flawed human. The form of your temptation will depend on where you stand spiritually. The temptation will be to confuse you and take your eyes off what the Lord wants for you. If you follow the temptation you will fall right into the Devil's plans and he will win. Temptation is something we cannot escape if we are striving to follow the Lord and His will.

If you are living a life without any temptation, then I would venture to guess that you are so far away from where Jesus wants you that you are not a threat to the Devil.

God Bless Pastor Jay

TEACHING OF THE MONTH

This month by

Mary Warner

ATTITUDE OF GRATITUDE

This past week Jay and I went to Denver Colorado to baptize my brother Herb, and to anoint and pray over his grandson Tobi. Tobi has cerebral palsy; he rarely walks and has trouble with his speech. If you met Tobi, you would love him. He has a beautiful smile on his face almost all the time, even though he has a lot that he could complain about. Tobi wants to be an all star wrestler, his mom believes that he already is, considering his strength and determination, and I am inclined to agree with her. The point I want to make is this, Tobi is happy despite his circumstances and the card that life has dealt him. We are asking Jesus to heal Tobi, and millions of people around the world are praying for Tobi's healing. Tobi wants to walk, and he has made some progress towards that, but if you met him you would realize that Tobi is a content and happy little boy. We could all learn so much from this precious child of God. How often do you just stop and count your blessings? I know I had a prayer time after we left my brother's house a few days ago where I just praised and thank the Lord for all the blessings in my life.

Here are some facts that might help you develop an attitude of gratitude in your own life.

1. Did you know that if you own just one Bible, you are abundantly blessed?
One-third of the world does not have access to even one.
2. If you woke up this morning with more health than illness, you are more blessed than the million who will not survive the week.
3. If you have never experienced the danger of battle, the loneliness of imprisonment, the agony of torture or the pangs of starvation, you are ahead of 500 million people around the world.
4. If you attend a church meeting without fear of harassment, arrest or threats of torture and death, you are more blessed than almost three billion people in the world.
5. If you have food in your refrigerator, clothes on your back, a roof over your head and a place to sleep, you are richer than 73% of the world.
6. If you have money in the bank, in your wallet, and spare change in your pocket, you are among the top 8% of the world's wealthy.
7. If your parents are still married and alive, you are rare indeed.
8. If you can read this article, you are more blessed than over two billion people in the world that can't read at all.

Still think that you have nothing to be grateful for? Visit a nursing home, a hospital, or a pediatric cancer center. Spend a day with a beautiful child such as Tobi, and you will gain a different perspective on life. Years ago when I was going through some problems, a good Christian friend told me to make a list of everything in my life I could be grateful for. I made two columns one was titled blessings and the other was titled tribulations,

after about a month of adding things to the columns I noticed that many of the things I had listed in the tribulation column I had transferred to my list of blessings. Today try thanking God for even the tribulations in your life, for they are there to do a work in you. When we suffer physically, we learn endurance. When we suffer emotionally, we learn to be at peace in the shelter of the arms of Jesus. God has a purpose in everything that we go through in life, sometimes our suffering has nothing to do with us, but it will teach someone around us to be grateful and more compassionate. We may question God's purpose, but we must never question His Infinite wisdom. There are things that we will go through in this life that we will never see the reason for until we are in heaven.

When we meet a precious child such as Tobi, we may wonder why God allowed his disability, but we cannot see beyond the veil of this life to know the answer. I know that Joni Eareckson-Tada has been in a wheelchair for over thirty years of her Christian life, unable to move anything below her shoulders. I also know that God has used her mightily in a way that He couldn't have if she had never been paralyzed. I am reading her book Heaven right now and in it she says that she cannot wait to get to heaven, not so much to be able to run and jump but so that she can kneel at the feet of Jesus and thank Him. So whenever you are tempted to second guess God's purpose for a tribulation in your life, try praising Him for it instead, pretty soon you will have a list of blessings that are too numerous to count.

Our final praise of the month is that we got to spend time with our daughter Sharol on the way to our son's wedding. Below are pictures of Mr. and Mrs. Warner. Neil and Corina. It was a very long trip we covered 5000 miles in 8 days. But Mary got to see the ocean for the first time in her life. On the way back

we stopped at Carlsbad Caverns and went 850' underground. A very long trip but a good time. Neil and his wife live in McAllen Texas.

I just thought I would share that with our extended family. May our Lord and Savior bless your lives and may you find a renewed relationship with Jesus. The only thing that really matters in this world.

P.S. The newlyweds both Love Jesus. *God Bless Pastor Jay*
